

WEIGHT REACTIVE SAFETY STEPS

Wide profile treads and platform with non-slip surface for extra safety. When weight is applied, the steps are fixed to the ground and released when the pressure is removed.

- Made from aluminium.
- Platform size: 600 x 610mm.
- Platform has kickboard.
- Safe guardrail and safety gate.
- Certified to BS EN 131 Professional.
- Max load capacity: 150kg.
- Supplied knock down - some easy assembly required.

REF	No of treads	Platform height mm	Overall H x W x L mm	Max working height mm	Weight kg	PRICE
CAR603	3	750	1850 x 770 x 1180	2700	45.6	£1120.83
CAR604	4	1000	2100 x 790 x 1360	3000	51.2	£1333.60
CAR605	5	1250	2350 x 810 x 1540	3200	57	£1443.47
