ROUGH TERRAIN PALLET TRUCK

The Rough Terrain Pallet Truck is ideal for those outdoor applications where a conventional industrial truck just won't do! Mounted on large pneumatic tyred wheels all round the truck rides over the undulating surfaces you find in some applications. With a capacity of 1200kg and an inside straddle width of 1277mm the RTT12 will handle most pallets. Ideal for garden centres, building sites, farmyards and all sorts of other rough terrain applications.
