Variety of bases to choose from If these don't suit you, we offer bespoke too!

RECTANGULAR DOLLIES

RECTANGULAR DOLLIES

We offer dollies to suit every application. The flexibility of the dolly means that almost any shape or sized product can be moved. You can use them in pairs or fours to move large awkward loads. There is also the option to choose the right wheels and platforms to suit your application.

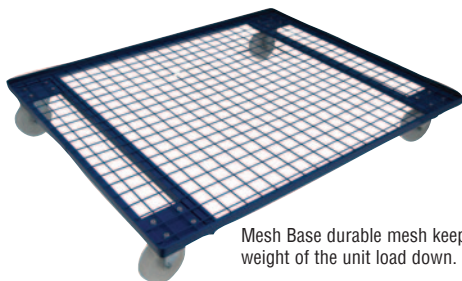

- Single piece steel production for extra strength.
- Rounded corners ensuring less damage to walls, doors and ankles of the operators.
- Fitted on 2 fixed and 2 swivel nylon wheeled castors (see below for wheel alternatives).
- Powder coated finish.
- Capacity 500kg (except 600mm x 600mm - 800kg).
- Bespoke sizes and capacities available.

OPEN BASE to suit pallets, containers or loads that do not need a solid base.

Plastic Base - 6mm polypropylene light solid base which is kind to products - no damage.

Mesh Base durable mesh keeps the overall weight of the unit load down.

Plywood Base 18mm treated durable plywood base helps protect your load.

Sheet Steel Base pressed sheet steel base is the most durable option. All powder coated the same as the frame.
