DS2 sump unit

STACKING DRUM PALLET SYSTEM

Our stacking drum pallets are suitable to take 2 drums - 200/220 litre capacity. The pallets can stack up to 3 units high. They have a strong welded construction with 4 x 127mm square pallet feet. We also supply a 250 litre capacity sump unit which can be used to fit under the drum pallets or used separately on its own. 3mm sheet steel, fully welded seams. Both units are epoxy powder coated finish.
