AHEDS4S	1500 x 1500 x 2114	4 x 205 ltr + shelf for 25 ltr containers	420	464	POA

BUNDED SECURE DRUM STORES WITH SLIDING DOORS

Heavy duty construction with 3mm steel sheet base and 2mm back, side and door panels.

- 20 year structural guarantee.
- Finished painted green RAL 6029.
- All units have: removable galvanised grid decks, lockable sliding doors, crane lifting points, sloping roofs with a rain channel and base plinths to eliminate ground contact with the sump.
- All sumps are fully compliant with current UK regulations.
- Please contact us for prices.

AHEDS12S
Store 4 x 205 ltr drums horizontally on one side of this unit and 4 x 205 ltr drums vertically on the other side with a shelf above the vertical drums for small containers.

AHEDS8SE
If you need the ability to connect funnels or pumps to the drums or you have an IBC that needs storing too then the extra height in this model makes it ideal.
