

PLASTIC STACKING & NESTING CONTAINERS

MB PLASTIC CONTAINERS WITH STACKING RAILS

- The flat textured base and rounded corners ensure optimum travel characteristics for conveyors and live storage systems.
- Stacking rails allow 100% use of the container's volume, protect against pressure damage and guarantee a high stacking safety. The rails are locked for secure stacking.
- Stacks of 400 x 300mm - capacity 150kg.
- Stacks of 600 x 400mm - capacity 200kg.
- Any colour or graphic can be supplied - small minimum quantities apply.
