WIRE MESH DECKING

Increase the versatility of pallet beam racking with mesh deck panels. Suitable for use with cartons, irregular loads and small items. Superior finish - heavy gauge wire is welded first, then electro-galvanised for maximum durability and rust-free life.

- Easy to install - drops into place, no fastening required.
- Ideal for storage above walk aisles or high bay rack systems.
- Fire retardant and maintains integrity of overhead sprinkler coverage - a fire safety choice.
- Other sizes are available to order.
