EURO GRADE 'O' SAFES

Constructed to exceed the criteria laid down by the insurance and security industry, these Euro Grade 'O' safes are also designed to blend in with today's modern environments, a subtle combination of material and components that function well beyond our customers expectations.

The lightweight construction encourages increased installation opportunities with fixing made through twin based anchor points.

- Fire resistant seal around door.
- Manufactured in accordance with EN 1143-1:2005 and independently tested and certified by VdS test house.
- 3 way square locking bolt work with continuous hinge side protection.
- Door opens to 205° for maximum access.
- Fitted with VdS class 1 double bitted safe lock and 2 keys.
- Optional combination or electronic locking device available.
- Internal door pan is locked to prevent tampering.
- Supplied with adjustable (50mm intervals), removable shelf.
- Insurance ratings may vary dependent on risk and location. Please check with your insurers.
- Safes are AiS approved and secured by design approval.
