

Regularly spray handles and other high contact areas

Superb for keeping gym equipment germ-free

DISINFECTION MISTING SYSTEM

An effective and easy way to sanitise public areas to help maintain a safe, healthy, clean environment. Specifically built for use in commercial locations, hospitals, schools, gyms and workplaces. Disinfectant is dispersed uniformly and efficiently. Use in conjunction with TECcare Control high level concentrate for single action cleaning and disinfecting to kill 99.999% of pathogens. Do not spray near electrical items.

- High pressure 15 bar/217psi spray lance creates a swirling mist which covers surfaces and contact locations.
- Optimal spray distance: 100cm.
- Droplet size: 65-75 microns.
- Drying time: under 10 minutes.
- 5 litre easy fill tank.
- 10m hi-vis cable.
- Food safe, safe on all surfaces.
- Non-toxic, non-irritant.
- Stainless steel nozzle with hand trigger and 2.2m of heavy duty hose.
- Flow rate: 150ml/min.
- Supplied with one 250ml bottle of disinfectant.
