STOP IT DRAIN MAT

The polyurethane drain covers are constructed in polyurethane for strength and flexibility, then bonded to a covering sheet that provides additional durability and visibility. The drain cover has a contact side that is adhesive, thus creating an effective seal to the contours of the drain and surrounding ground.

- Carry handles assist handling, storage and deployment.
- Drain mats come in three sizes and two thicknesses, 8mm for standard pollution incidents and 13mm for severe flood situations.

REF	L x W x D mm	PRICE
4610/060/L	600 x 600 x 8	£119.71
