TEMPORARY LINE MARKER PAINT AEROSOL

Contractors, local authorities, and utility companies readily use this eco-friendly water based paint to mark up temporary indication lines that will no longer be required after the completion of works. It can be used on tarmac, concrete, wood and composites, then either left to be washed off by wet weather or removed with a stiff brush and water.

- Size: 750ml.
- Available in 7 colours: black, blue, green, orange, red, white and yellow.
