## BIRD SPIKES

Bird spikes provide a very effective, low cost way of deterring birds from perching and roosting on ledges, window sills, ridgelines or anywhere else that the birds can access.

- Choose stainless steel in narrow, medium or wide sizes.
- Deter pigeons, seagulls and small birds.

- If you require tools, adhesives or specialist siting for spikes like gutters, chimney or pipes then contact us.
- Priced per unit.

## BIRD NETTING

Bird netting is available in mesh sizes of 19mm for sparrows and small garden birds, 28mm for starlings, 50mm for pigeons and 75mm for seagulls. The netting is made in the UK from spooled twine and is then stretched and heat-set before being hand joined.

- Manufactured in standard UV stabilised polyethylene (or flame retardant material on application).
- Colour choice: black, stone and translucent.
- Range of stock sizes: 5m x 5m, 5m x 10m, 5m x 15m, 5m x 20m, 10m x 10m, 10m x 15m, 10m x 20m, 15m x 15m, 15m x 20m and 20m x 20m.
- Cut to size orders on application.
- For specialist installations we have tailored bird netting kits, netting fixings and accessories in both galvanised and stainless steel that can fit nests to masonry, sheet metal cladding and timber substrates.
