

FLOOR STANDING WEIGHING AND COUNTING SCALES

Counting and weighing floor standing scale with parts and percentage facility.

- Die cast aluminium platform.
- LCD display with memory count programmable for counting to preset number and full range tare.
- Mains power and rechargeable internal battery.
- RS-232 bi-directional interface (optional).
- Plate size: 400 x 500mm.
- O/A dim W x D x H: 400 x 620 x 860mm.

new

GFK150MPLUS	150	0.05	£670.32
GFK300MPLUS	300	0.1	£670.32

FLOOR SCALES

Designed for rugged industrial applications, production and warehouses. Ideal for weighing, parts counting, % weighing and checkweights.

- Backlit LCD large digit display.
- RS-232 interface.
- Colour-coded keys.
- Heavy duty rubber feet ensure stability of unit.
- Stainless steel pan allows easy cleaning.
- Checkweighing with audible alarm.
- Selectable digital filtering for animal/dynamic weighing enables consistent results for moving subjects.
- Rechargeable battery included for operation almost anywhere.
- Programmable auto power-off to save energy.

BENCH TOP PLATFORM SCALES

A stainless steel platform that offers a durable industrial solution for weighing, parts counting, percentage and comparative weighing.

- Stainless steel platform is non-rusting.
- Cast aluminium base is robust so ideal for industrial applications.
- Single point load cell - accurately measures weight even if the item is placed off centre on the scale.
- The damaging of internal components is protected by overload feature.
- Simply add any of our indicators - GK/IND being the standard.
