

STRETCH FILM AND DISPENSER

Stretchfilm is a cost effective way of protecting goods on pallets from damage, dirt and rain. Use for pallets being stored or moved in transit.

- Choice of light duty film and two types of dispenser.

REF	Description	PRICE per carton
PP17	Film 400mm x 300m. Light duty. 6 roll carton	£75.11
PP20	Film 400mm x 300m. Heavy duty. 6 roll carton	£89.25
42525025B	HD black security film 500mm x 250m. 6 rolls	£115.76
SR50C	Universal hand dispenser	£19.94
HSR500	Heavy duty hand dispenser	£50.37

STRETCH FILM ON EXTENDED HAND GRIP CORE

Premier quality stretch film which contains no harmful dyes or additives. Produced from food and drug fully approved resins. It is harmless, environmentally friendly and completely recyclable fulfils the demand for contact with food according to Warenvent FDA and BGA standards. The core is extended both ends, these act as hand grips so obviating the need for separate dispenser tool. Use straight from the supply carton. 6 rolls per pack.

REF	Detail	PRICE per pack
4030/17EC	Film 400mm x 300m. 17 micron	£75.11
4030/23B/EC	As above except 20 micron + 10% strength 30Mpa	£105.16

HANDY PACKER STRETCH FILM

This handy packer is very low cost and has a built in disposable handle, which saves the expense of purchasing a separate handle and improves efficiency as operators do not have to spend time reloading the handles or locating possible missing handles. The stretch film is heavy duty, 20 micron in 200m. Rolls of 125mm width. No cutting is required as the film is severed by one sharp simple 'snapping' action. The ideal tool for securing and bundling items of all shapes and sizes. 5 rolls per pack.

REF	Detail	PRICE per pack
HP125	1 x 5 rolls of film	£23.33

MOBILE PALLET WRAPPERS

Dramatically reduces operator fatigue by wrapping pallets up to 2m high, keeping consistent film tension, without any crouching or stretching.

The wrapper can be easily moved to pallets in different areas. It also offers pre-stretch tension to give an even wrap and film saving.

- Machine size: 560W x 1150D x 2100H mm.
- Stretch wrap: 500mm x 600mm x 12 micron.

Our expert says

SPEED UP PALLET WRAPPING
Reduce operator fatigue

REF	Description	PRICE
