TWO TIER GARMENT DRESS RAIL

Use this as a double rail for short top wear/folded trousers or as a single rail for long coats. Simple, smart design gives you the choice of putting the lower rail in the middle or at the bottom. If set in the middle, the clear gap between rails is 860mm in the lower position it gives 1750mm hanging depth.

- Fitted on 4 smoothly swivelling 60mm castors, 2 with brakes.
- Strong tubular steel, flat pack construction, using 4 bolts (17mm spanner required).
- Supplied shrink wrapped for easy handling and delivery.
- Bright zinc plated finish for scratch free, long life.

Dimensions (H x L x W)mm	Weight kg	REF	PRICE
