Made in the UK to high standards

REF	Containers	PRICE
ACTOPT110/6	6 off	£676.26
ACTOPT110/9	9 off	£755.82

ACTOPT110/6

Ideally suited for order picking or presentation to assembly line points. Containers are angled forwards to aid the viewing of the contents and the easy removal of items as required.

ACTOPT110/9

Comes complete with 9 plastic Euro containers that can fit vertically or horizontally. Obviously the horizontal way takes up more space, meaning less containers on the trolley, but it's good to always have flexibility in storage.

Shown without storage containers, making visible the sheet steel shelves that are formed to provide the front lip, that retains the containers in place. Shelves are braced for extra strength.
