

Loading Bay Canopies

“For safety & security with our Loading Bay canopies, we choose Action Handling”

All our Canopies are designed to comply with Health & Safety standard regulations

During a large transformation project of their Loughton Manufacturing Site, the UK & Europe’s leading supplier of Mailing Equipment contracted Action Handling Equipment Ltd to offer their expert advice and to provide a solution for their warehouse.

The requirement was to supply weather-proof canopies to assist the company’s loading and unloading bay areas. These canopies had to be fitted with high speed shutter doors, activated by automatic sensors for fork lift truck usage. The project had to be submitted to the local planning department and building control department for council approval. The whole project was undertaken by Action Handling Equipment Ltd on a turnkey arrangement and was completed within a 3 month timescale.

Please contact our sales team for a consultation and quotation for your own requirements. You can reach us on; 01279 724989 or sales@actionhandling.co.uk
